## Class Description

### Science

**C Science:** Crazy Kid Concoctions

**B Science:** Studying the Human Body with interactive notebooking, videos, and games.

**A Science:** Forensic Investigations - Using Science to Solve Crimes

**Wild Kratts Club:** Students will learn about different animals using Wild Kratts Episodes. Each class includes fact sheets and a craft.

**Linux Users Group:** Learning the concepts and basics of the Linux Operating System. A laptop is required for class. {Grades 9th & up}

### Geography

#### **All About The 50 States:**

Going on a virtual road trip to learn about the 50 states using videos, notebooking, games, and songs.

#### **Wonders of the World:**

Students will learn about the ancient, modern, and natural wonders of the world.

### History

**Ancient Civilizations:** Each month we will study and complete an interactive notebook for Ancient Mesopotamia, Egypt, and Greece. *(Second semester will include Ancient Rome, China, and the Aztec World)*

**Who Was?** Students will learn about 12 different historical figures. We will watch the episode in class and discuss the topics and fill in their interactive notebook.

### **Before It Was A Movie Book Club:**

Read & Discuss fan favorites. Each book study will wrap with watching the movie and comparing with the book.

**American Girl Club:** Each month students will read a historical fiction book. We will discuss the era and fill in a lapbook about that American Girl. After class work, the students will socialize with crafts, a tea party, and their dolls.

**Open Game Play:** Students (and Parents) are welcome to relax and play games at the studio. Bring a friend and your favorite snack!

**Art Around The World:** Class will focus on art from countries and cultures around the world. Students will then complete a similar style art project each class.

**Spanish Club:** Learn and practice Spanish with videos, games, songs, and friends!

**Math Games:** Build your math skills while having fun with friends! All ages/abilities welcomed.

**Fiber Arts Group:** Crochet, Knitting, Looming ~ beginners and pros welcome. Bring a project or come to learn!
